- CurlTV User (Free)  
Choose this option to receive our e-newsletter and participate in contests.
- Promo Code

If you have received a CurlTV.com promo code, enter it in the box above to receive a discount on your subscription.

### Step Three:

Further down on the signup page enter in your user and personal information. Every field with a yellow exclamation icon (⚠) will need to be completed. If the value you entered is acceptable it will turn into the green checkmark (✅). If there is a problem with what you entered you will see the red "x" (❌).

Some reasons why you could be receiving this red "x" is the username you selected has already been taken by another CurlTV.com member, your passwords do not match or not all of the fields are completed. When selecting a country from the country drop down be sure to select one that is given to you. Entering in "USA" is not the same as "United States of America" and will result in not being allowed to complete the registration process. Another item to consider is that you may need to 'click off' of the postal/zip code field to allow the validation to take place. Finally, click on the "sign Up to CurlTV.com" button at the bottom of the screen.

If you receive notice that the username you have selected is already taken, and you are the owner of that account then you cannot perform an account renewal from the Sign Up page. You need to log into CurlTV and upgrade your account through the 'Edit your settings' page.

**Step Four:**

**Step Six:**

Upon a successful transaction your account will have been upgraded to the membership option you selected. You may need to log out of CurlTV, and back in again to have your membership type and expiration date updated.
